TO THE SENIORS

Senior Day is over and the class of '24 made it a day well worth remembering. It was only by unceasing and careful planning that it was made successful. On the suggestion of the class president work for the occasion was begun very early in the year. Committees consisting of responsible class members were appointed and meetings were held. Plans were thought out and worked out long before the day arrived. With the idea that this day would be the "one" day of the year to the seniors, the entire class worked to make it such.

The senior breakfast began the day in a very desirable manner. This unique affair proved to be well worth while and served to bring the class members together before beginning their day of duty. In fact the breakfast was so successful that many are of the opinion that the affair should become traditional.

From the reports at the close of the program held in College Hall the exercises were entirely successful from the unveiling of the annual book "Y" to the singing of the final song. Every member on the program was appreciated and well prepared. This affair manifested a certain spirit that thrilled the entire audience.

In the evening the Senior Ball was no less successful than the earlier parts of the day. Although the decorations were simple they were original and striking. The illuminated block "Y" at the front of the hall impressed everyone. The music was splendid and lasted the occasion perfectly.

All in all, the Senior day of the class of '24 was very successful. It should be the aim of every class leaving the good old school to start a day's program worth pursuing, if possible, the preceding year. The newly elected officers can profitably take a lesson from this year's out going class and begin to plan now for their day of days.

Seniors, we compliment you.

A PARTING WORD

Now that the keys have been passed over to next year's student body president and the new officers have been duly installed it is the proper time to review the activities of this year's administration.

Probably never in the history of the "Y" student body have things run more smoothly than they have this year. Student body officers and class presidents have disagreed on very few issues and have given whole-hearted support to the present administration. As a result much has been accomplished and everyone has been satisfied.

One of the biggest accomplishments of this year was "Y" Day. It is true that many were disappointed because the old tradition of unveiling the annual book was passed up this year, but the day was spent in important activities. The unveiling of the new yearbook was accomplished that everyone was satisfied. It is hoped, however, that the old tradition will be observed in the future.

Success in every activity has been attained this year. Our entrance into R. M. C. athletics has already gained us an enviable name. The football team was successful beyond expectations and the basketball team, the highest honors in the conference. State championship in wrestling and tennis have improved our athletic record. Successful work was also done in swimming and track.

YOUTHFUL SERVICE was the theme in state debating we were very successful in competition. The class of '24 was successful in two out of three of these debates were won.

The second year for the competitive student body play has placed the title on a firm basis. It was more successful than last year and will undoubtedly be more successful next year. The institution of a competitive opera and the awarding of honors to three-year hand members, thus making it possible for students interested in music to receive honor work, was a step in the right direction.

The Public Service Committee has furthered its work this year and has done enviable work in advertising the school.

A new idea that was well worth instituting was the sending of a representative school program into northern Utah and southern Idaho. This plan met with exceptional success and will undoubtedly be carried out again next year.

Honor day was run off in a very successful manner. Those who were responsible for it deserve the highest commendation.

Student body programs have been of a very high type and have been carefully planned.

Probably one of the greatest factors in the success of this year's administration is the manner in which the "little things" that are not usually thought of so much have been done. For instance, letters of appreciation, the installing of the card system, the awarding of invitation tickets meet visitors, and leadership. These little things, which are so numerous to mention, our student body president is largely responsible for. This and preserves the highest commendation for his untiring efforts put forth to make this year's student body the success it has been.

Those who are short of money work for it this summer so that when school begins again they will not feel as though they have left a job unfinished.

Everyone hates to be called a poor sport, and if the discouraging of the card system, the awarding of invitation tickets meet visitors, and leadership. These little things, which are so numerous to mention, our student body president is largely responsible for. This and preserves the highest commendation for his untiring efforts put forth to make this year's student body the success it has been.

The way to get the finest shave

The Hinge-Cap is a sure way of identifying Williams Shaving Cream. And Williams, besides giving you the convenient Hinge-Cap, will improve your shave in three ways:

First, the lather is heavier and holds the moisture in against the beard. Quicker and more thorough softening of the beard results. Second, the razor glides more easily through the Williams-softered beard because Williams lather lubricates the skin. Lastly, an ingredient in Williams keeps the skin in good condition no matter how heavy your beard nor how frequently you shave. In addition, you'll enjoy Williams because it is a pure, natural white cream without coloring matter of any kind. Ask for it!

Gypsy Hike Held By Leadership Class

The recreational leadership class of the B. Y. U. held a very successful gypsy hike last Thursday evening. Assembled at the Edson building, leaving at 8:30 the class left for the river town. Coach Roberts and Miss Williams, who led the way, took them up over the knoll and from there down into the river bottom, arriving first, five large bonfires were built, all the students assisting. Various games under the direction of the coach and Miss Johnson, were then played for some time. As the group for the first time took them up over the knoll and from there down into the river bottom, arriving first, five large bonfires were built, all the students assisting. Various games under the direction of the coach and Miss Johnson, were then played for some time.

In their program many talented students of the school appeared. Vocal selections were made by Rolf Pratt and two violin numbers were given by Miss Florence Friday. Some very clever stunts were introduced by Professor H. K. Merrill, Eugene L. Roberts and Miss Williams Johnson.

The group then staged a one act play featuring local talent. Those taking part were Ardel Ball, Rolf Pratt, Miss Nell Clark, Miss Cecilia Jensen, Miss Virginia Johnson, Norma Jones, Scott Price and Rolf Pratt. The play was a comedy and was the dancing set composed of a play by the class of '24. The play was directed by Miss Florence Friday. The vocal dancing was given by Miss Virginia Johnson and one of the advanced students, Will Bailey. Following the conclusion of the evening the students were treated to a picnic by the coach and Miss Williams Johnson. The picnic was a very successful one and the students enjoyed it very much.

"Go to bed at once, my man, and sleep it off."

A Scotchman wrote one morning to find his wife had passed away in the night. He feared from his last and ran horror-stricken into the hall.

"Marry" he said down the hall to the general servant of the kitchen "Come here quick."

"Yes, yes," she cried, "What is it?"

"Did only one egg for my breakfast this morning."

Most of next year's football team will be out for practice. McDonald and the Robertson brothers are prospects for the next year attending the school now. Several of the freshman stars are looked upon to hold positions on next year's team.
